25X1

In April 1954, [redacted] a total of 8,000 general practitioners and 6,000 dentists were available in East Germany. A total of about 5,500 doctors and 5,900 dentists have practices of their own. These figures may not be quite correct [redacted]

25X1

[redacted] Comment. If the figures contained in the present report are correct, it means that one general practitioner is available for every 2,570 persons and one dentist for every 3,000 persons. The total population in East Germany is 18 million.
